

PRODUCT BULLETIN: PSP100-017

SORBENT SOAKER BOOM, WHITE, OIL ONLY

4 pieces per bale, each piece 8" x 10' long (total 40 feet)

Absorbs hydrocarbon-based fluids (oil, gasoline, diesel, etc.) and repels water

Consists of meltblown polypropylene filler, polypropylene net, polypropylene inner sleeve, polypropylene rope, zinc-coated snaps, zinc-coated o-rings, and aluminum staples

Part Number: PSP 100-017

Colour: White

Qty: 4 booms per bag

Weight (approx.): 40 lbs (18 kg)

Absorption: 53 gallons (200 Litres)

Packaging: Clear Plastic Bag, Label

Application Guide:

Oil absorbent booms can be used to handle all types of hydrocarbon spills such as fuel oils, hydraulic oil, gasoline, diesel, motor oil, jet fuel and kerosene. Not to be used for acids, aggressive fluids or water based chemicals. Booms are idea for skimming oil from water. Use them on the ocean, rivers, wastewater troughs, ponds or streams. Great for use on land or water for fuel spills or low viscosity oil.
